Professor & Principal M Pharm., Ph.D

Mobile: 7032354521

1.1.2: The institution adheres to the academic calendar including for the conduct of CIE

Clear and Consistent Schedule

The university publishes a detailed academic calendar at the beginning of each academic year. This calendar outlines the schedule for all courses, including Continuous Internal Examinations (CIEs). The college meticulously adheres to this calendar to ensure efficient time management throughout the year. This allows for well-paced teaching and learning, with regular assessments to gauge student progress.

Semester Structure and Assessment Schedule

The academic year is divided into two semesters, each lasting 16 weeks. The curriculum is carefully planned to deliver the course content within this timeframe.

- **Mid-Term Assessments:** After 8 weeks of coursework, the first Continuous Internal Examination (CIE-I), also known as Mid-I, and the Lab Internal-I are conducted.
- **Final Assessments:** Following the completion of the 16-week semester, CIE-II (Mid-II) and Lab Internal-II are administered.

Balanced Assessment Approach

Students are evaluated using a comprehensive approach that incorporates theoretical knowledge, objective skills, and practical application through assignments.

- **Theory:** Evaluated through descriptive responses, graded on a scale of 10 points.
- **Objective Skills:** Assessed using a 5-point grading scale.
- **Assignments:** Provide opportunities for students to explore topics beyond the core syllabus, fostering independent learning. Assignments are delivered twice per semester and contribute to the final internal marks.

Supporting Student Success

PRINCIPAL

Pratishtha Institute of Pharmaceutical Sciences
Durajpally - M, Chivemla (M), Suryapet (Dt.)-508214

- **Regular Assessments:** Frequent assessments prevent student overload while providing valuable feedback on their progress.
- **Identifying Struggling Learners:** Internal marks are used to identify students who may require additional support. Bridge courses or targeted interventions can then be implemented to improve their performance before the external examinations.

Outcome-Based Question Papers

All question papers are designed using the Outcome-Based Education (OBE) format. They are carefully aligned with the course outcomes, which are clearly communicated to students at the beginning of the course.

- **Addressing Unaddressed Outcomes:** Topics that are not directly covered in the university examinations but still relevant to the program outcomes are incorporated into assignments. This encourages students to develop a broader understanding of the subject matter.

Departmental Calendars and Instructor Schedules

To ensure smooth implementation of the academic calendar and timely curriculum delivery, each department creates its own internal calendar aligned with the university's schedule.

- **Individualized Teaching Schedules:** Within this framework, instructors develop detailed course schedules in consultation with their department heads. These schedules break down the daily workload by subject and chapter, ensuring efficient coverage of the material and providing students with sufficient time for preparation and practice before exams.

Adaptability and Communication

The university maintains clear communication channels with the college. If changes to the academic calendar are necessary, the university promptly informs the college, which then implements the adjustments seamlessly.

Commitment to Consistency

All faculty members from every department are expected to adhere to and respect the established academic calendar. This commitment ensures a predictable and well-organized learning environment for all students.

VPHARM-D MID II

Question Paper

A.Y.2023-24

Subject Name: Clinical Research

Time 2:00pm to 4:00pm

Date of the exam :28-11-2023

Answer the following any five questions .

MARKS =30

5×6=30

S.no	Question	marks	CO	BTL
1	Explain in detail about challenges in the implementation of ICH-GCP guidelines.	6	CS11.2	Understand
2	Describe briefly about ethical guidelines in clinical research.	6	CS11.2	Understand
3	Explain about ICH-GCP guidelines.	6	CS11.2	Understand
4	Briefly explain about CDSCO guidelines.	6	CS11.2	Understand
5	Write about composition, responsibilities and procedures of IRB/IEC.	6	CS11.1	Remember
6	How the regulatory authority work in INDIA.	6	CS11.1	Understand
7	Explain about regulatory authority in USFDA and EMEA	6	CS11.2	Understand

MID-1 Question Paper

A.Y. 2023-24

Subject Name: Human Anatomy & Physiology-I

Date of Exam: 12-12-23

Time of Exam: 2hr

Answer the following Questions

S. No.	Question	Marks	CO	BTL
Long Answer - Answer any One of the following Questions 1×5=5M				
1	Explain the structure, location & functions of epithelial tissue?	5	C111.1	Understand
2	Write about anatomy & physiology of Axial skeleton?	5	C111.1	Understand
Short Answer- Answer any Two of the following Questions 2×2.5=5M				
1	Enlist and discuss various types of fibrous & synovial joints?	2.5	C111.1	Understand
2	Draw a neat labeled diagram of skin? Explain its parts & functions?	2.5	C111.3	Understand
3	Define cell and explain the anatomy and physiology of different types of organelle's?	2.5	C111.3	Understand

IV YEAR B.PHARM-II SEMESTER –R17, R16, R15, R13 REGULATION- REGULAR/SUPPLEMENTARY EXAMINATIONS JUNE/JULY-2024

TIME→FN: 10.00 AM TO 1.00 PM

course	R17	R16	R15	R13
03-06-2024 MONDAY	Biostatistics and Research Methodology	Novel Drug Delivery Systems	Novel Drug Delivery Systems and Regulatory Affairs	Novel Drug Delivery Systems and Regulatory Affairs
07-06-2024 FRIDAY	Social and Preventive Pharmacy	Clinical Pharmacy	Pharmaceutical Biotechnology	Pharmaceutical Biotechnology
14-06-2024 FRIDAY	Pharmaceutical Jurisprudence	Pharmaceutical Biotechnology	Pharmaceutical Analysis II	Pharmaceutical Analysis II
18-06-2024 TUESDAY	Elective -IV	Pharmacognosy – III	Human Values and Professional Ethics	Human Values and Professional Ethics
	Computer Aided Drug Design			
	Nano Technology			
	Experimental Pharmacology			
	Advanced Instrumentation Techniques			
20-06-2024 THURSDAY	-----	Nano Technology	Clinical Pharmacy Practice	Clinical Pharmacy Practice
		Pharmacoepidemiology, Pharmacoeconomics and pharmacovigilance		
		Medicinal Plant Biotechnology		

DATE:18-05-2024
